

*Looking back, the journey began long ago on the other side of the earth. As an expat living in London, something about the treasure trove of international vinous offerings available seemingly at every corner 'off-license', expanded my somewhat shielded 'Californian' experience of wine.*

*An intense fascination was sparked, and consequently a need to learn about and taste wines from all over the planet –all the while marvelling in the diversity, complexity as well as the sheer power of a living liquid in a bottle being able to evoke such a sense of place and time.*

*Not to mention the sheer olfactory and palate delight and wonder to be had when enjoying wine, whether it be on its own or matched with some morsel of match made in heaven!*

*This list is constantly evolving, as is our journey of discovery in wine. Nothing, besides drinking the stuff, brings us more joy than talking about it – so please feel free to chat about wine in any way, shape or form.....*

*Yours in Wine*

*Lou Perri*

### A GLASS DISPENSED UNDER CORAVIN

*Put simply, a thin, hollow needle slides through the foil and cork into the bottle. The bottle is then pressurised with argon (a harmless gas sans odor and taste), which pushes wine back out through the needle and into your glass without letting any oxygen into the bottle. Once the needle is removed, argon is left in its place (hence no oxidation), the cork reseals itself and the remaining wine continues to naturally age as if it was never touched. We are delighted to offer these fabulous wines by the glass for your enjoyment*

## A.P Birks Wendouree Wines (Clare Valley, SA)

*For many lovers of big Australian red wines the discussion begins and ends with Wendouree. Truly exceptionally cellar-worthy, these full bodied and gripping red wines are the result of extremely low yields from the very old, unirrigated vines of Shiraz, Malbec, Mataro (Mourvèdre), and Cabernet Sauvignon, many of them growing on untrellised bush-vines. "Iron Fist within a velvet glove" says Halliday. I will not dispute him on this one..... Perhaps you should form your own view on these wines*

## -Andrew Thomas-

2013 Andrew Thomas Sweetwater Shiraz (Hunter Valley, NSW) 79

*The Sweetwater shiraz is true to form with its distinctive floral notes of violets and potpourri. Plump and juicy wine, red earth of the Hunter, quite pretty*

2013 Andrew Thomas Kiss Shiraz (Hunter Valley, NSW) 125

*Deep garnet-purple color and intense aromas of ripe cassis, black cherries, cracked black pepper, lavender, cloves and sage- pure fruit and spices layers , anised as well*

-

2006 Maurice O Shea Shiraz (Hunter Valley, NSW) 135

*Sweet red and black berry fruit entry The palate is dense with sweet fruit and underlying vanillin oak that supports chocolate fruit tannin and good length of flavour.*

2013 Auguste Clape Cornas Syrah (Rhône, France) 235

*Amazingly intense. Nose of sweet ink, stone, 'mud', prune, and dark berry. Huge palate at the same time sweet and burnt fruit. Lots of extract. Like drinking dark fruit juice. Huge but interesting*

2000 Jean Louis Chave Hermitage (Rhône, France) 950

*More forward, open and textured, the 2000 Hermitage is an almost promiscuous effort that's just hard to resist. According to Jean-Louis, this wine has never shut down and has always delivered plenty of pleasure. It has classic cassis and blackberry fruit, bacon fat, violets and herbs to go with a full-bodied, layered and seamless, if not voluptuous style on the palate.
