

Looking back, the journey began long ago on the other side of the earth. As an expat living in London, something about the treasure trove of international vinous offerings available seemingly at every corner 'off-license', expanded my somewhat shielded 'Californian' experience of wine.

An intense fascination was sparked, and consequently a need to learn about and taste wines from all over the planet –all the while marvelling in the diversity, complexity as well as the sheer power of a living liquid in a bottle being able to evoke such a sense of place and time. Not to mention the sheer olfactory and palate delight and wonder to be had when enjoying wine, whether it be on its own or matched with some morsel of match made in heaven!

This list is constantly evolving, as is our journey of discovery in wine. Nothing, besides drinking the stuff, brings us more joy than talking about it – so please feel free to chat about wine in any way, shape or form....

All our wines are carefully curated and respectfully handled for your enjoyment by our team and within our fastidious cellar environments. Please don't hesitate to ask if you would like something "off-list" as the cellar certainly may have some hidden treasures.....

Yours in Wine

Lou Perri

Put simply, a thin, hollow needle slides through the foil and cork into the bottle. The bottle is then pressurised with argon (a harmless gas sans odor and taste), which pushes wine back out through the needle and into your glass without letting any oxygen into the bottle. Once the needle is removed, argon is left in its place (hence no oxidation), the cork reseals itself and the remaining wine continues to naturally age as if it was never touched. We are delighted to offer these fabulous wines by the glass for your enjoyment

Burgundy, France

Origin- it's so relevant, particularly in this instance. I recall reading this commentary many years ago whilst travelling: "Wine made from the Chardonnay grape is far and away the most popular wine in the world, enjoyed by novice and sophisticated connoisseur alike. And if you are one of them and have never experienced the superb perfection it can achieve in Burgundy, you owe it to yourself to explore this rarefied world. It won't be a cheap journey but I guarantee that you will never think about wine the same way again." Nick Passmore

<i>There is a subtle touch of wood to the ultra-pure and fresh aromas of cool white orchard fruit, floral, spice and citrus nuances. Rockford Wines (Barossa Valley, SA)

“Wine is crafted, not created. The skill is to capture and enhance the fleeting flavours that grapes give from their variety and extract from the earth, then bottle these as a living record of the vintage they represent. Rockford wines are made from established Barossa varieties which form an important part of our winemaking heritage, in a style that best reflects the vineyards, the winemaker’s attitude and the climate in which we live” - The Rockford Story by Robert O’Callaghan

Bordeaux

This region is undoubtedly the World's most famous and the French love it, albeit not many get to drink it. The 1855 Medoc Classification which highlights the 1st-5th growths still stands 160 years later. The wines across this region are predominately merlot and cabernet based. When they are within the optimal drinking window they are ridiculously deep and stimulating expressions of cabernet and merlot. Always best to explore these wines with some entertaining people as you will need the time.....

PI_{NOT} NO_{IR}

Burgundy, France

Burgundy is where it all started and continues to this very day...the desire and uncontrollable urge to experience the heights pinot noir offers. I love the journey and absolutely love the experience I encounter with every expression. It can be a little overwhelming at times, virtually navigating through the specific vineyards and the respective families that produce this wonderful stuff. Bring on the challenge, it is undoubtedly my stimulus (fortunately) to pursue and seek out my next experience...this is a truly wild and yet so fulfilling experience.

2012/13 Meo Camuzet	(Bourgogne)	99
<i>Old World Burgundy from fabulous domaine.....</i>

<i>50 year old vines. Red cherry, rhubarb, musk, baking spice, floral nose and medium bodied- relatively inexpensive for Chambolle.</i>		

-Catherine and Claude Marechal-

This estate is without doubt one of the best kept secrets in Burgundy. The 2012 Chorey-les-Beaune is great as usual, almost the standard bearing red wine at this estate. Has more flesh and richness next to the sheer elegance of the Auxey Duresses. This has the Allen Meadows "inner mouth perfume" and fans out with lovely persistence and freshness. Super burgundy

2012 Marechal Chorey les Beaune	(Beaune)	130
2012 Marechal Auxey Duresses	(Auxey Duresses)	110

2011 Dujac Morey St Denis 1^{er} Cru	(Morey St Denis)	275

-Domaine Faiveley-

Erwan Faiveley has certainly made some changes in the past 10 years – all for the better in my opinion. Although Erwan believes 2012 may have been the “turning point” we believe it may have happened sooner so we decided to highlight some of these gems mainly from a cracking 2010 vintage

2010 Faiveley Mercurey 1^{er} Cru 'Clos des Roy'	(Mercurey)	79
<i>Concentrated and a bit monolithic now. Firm tannins are wrapped around a center of cherry and blackberry notes. Vibrant and long, with a spicy, cherry aftertaste</i>

-Bruno Clair-

Bruno Clair symbolizes structure and grace and is undoubtedly one of Burgundy's true greats. His fellow growers consider him one of the greatest of their ranks. They admire his attention to detail in the vineyard. His wines show no ego or even style, but just seem to be true to the essence of each individual vineyard. Enjoy

2005 Bruno Clair Chambolle Musigny “Les Verailles” 1^{er} Cru	(Chambolle Musigny)	340
<i>Such an elegant wine, exhibiting florals, clove spice, red berries and stone quality. Structure. Drink it slow as you will regret it once you get to the last glass</i>

-Lost For Words Producers-

Should the idea of losing yourself and perhaps, your bank account, in a euphoric pinot noir experience take hold..... look no further. A few examples of the greatest producers in burgundy or perhaps the world

2009 Domaine du Comte Liger-Belair Les Cras 1^{er} Cru (Nuits-Saint-Georges) **695**
An expressive and quite fresh nose features beautifully layered aromas of ripe red berry fruit, wet stone and earth. There is excellent vibrancy and detail to the restrained middle weight flavours that possess plenty of underlying tension on the balanced, long and really quite stylish finish. This is a classy and sophisticated effort that offers excellent length and focused power. "burghound"

2006 Armand Rousseau Chambertin (Chambertin) **2300**
"There is excellent freshness and vibrancy to the pure, round, rich and focused full-bodied flavors that carry obvious muscle and minerality on the deep, powerful and hugely long finish. This is an extremely impressive effort and one of the finest wines of the vintage. Not surprisingly, this hasn't changed a great deal since my last review except that the length is now even more phenomenal and the supporting tannins are a bit more apparent"(burghound)

2006 Domaine de la Romanee Conti Echezeaux (Echezeaux) **2600**
"Here the less expressive but very floral nose is spicier and ever so slightly riper with a range of black and blue fruit aromas nuanced by hints of earth and a touch of the sauvage that is also picked up by the rich, round and notably pure flavours that are more elegant than usual, all wrapped in a textured and punchy finish that is dry in the best sense and comes across as very clean and crisp. I very much like the overall sense of balance and about the only nit is a trace of backend warmth" (burghound)

Strawberry lift on the nose with stalk character-. The palate is delicate with bright berry fruit characters being the forerunner to the fine tannin structure

2013 Tout Pres By Farr (Geelong, VIC) **160**
With every year that passes, the Tout Pres vineyard's subtleness and delicate fruit structure are becoming increasingly pronounced in the wine. The bouquet fills the glass with spicy fruit, mineral elements and a hint of integrated French oak, with the darkness and essence of the Moorabool Valley true expressions of site. This wine exhibits primary and secondary flavours, which strengthen the overall integration for a seamless finish. It is a tightly packed combination of plums and undergrowth with an edgy acidity—and one of our favourite drops.

2013 Savaterre Pinot Noir (Beechworth, VIC) **159**
Florals and perfumed fruits lifting through the spice. Cherry-plum here, some cranberry, twigs and herbs, chicory. Woodsmoke. Deli meats. It's all going on here

Pinot with delicate floral perfume of raspberries, cherries, red plums and restrained cedary oak, subtle presence of undergrowth and dried herbs, cloves, nutmeg

More forward, open and textured, the 2000 Hermitage is an almost promiscuous effort that's just hard to resist. According to Jean-Louis, this wine has never shut down and has always delivered plenty of pleasure. It has classic cassis and blackberry fruit, bacon fat, violets and herbs to go with a full-bodied, layered and seamless, if not voluptuous style on the palate. Rating: 96 Points; Drink 2014-2024; Issue #214, Date: August 2014, Jeb Dunnuck - Robert Parker's Wine Advocate

-A.P Birks Wendouree Wines-

For many lovers of big Australian red wines the discussion begins and ends with Wendouree. Truly exceptionally cellar-worthy, these full bodied and gripping red wines are the result of extremely low yields from the very old, unirrigated vines of Shiraz, Malbec, Mataro (Mourvèdre), and Cabernet Sauvignon, many of them growing on untrellised bush-vines. "Iron Fist within a velvet glove" says Halliday.

I will not dispute him on this one.....Perhaps you should form your own view on these wines

-Rockford Wines-

Whilst many Barossa producers were chasing the palate of one VERY influential wine critic, Robert O Callaghan decided that Barossa Shiraz was special and it didn't require nor need to be influenced by the preferences of this particular critic. He stayed true to what he (and I) believe is a sophisticated, refined and exquisite style of Barossa Shiraz that can only come from such a custodian.

We are delighted to offer the following vintages of Rockford Basket Press and the SVS from this iconic Barossa producer:

FEVER TREE – tonics and mixers

fever tree being the colloquial name for the *cinchona tree* in which quinine, a key ingredient for tonic, is found. The highest quality quinine was sourced from the Rwanda Congo border and blended with spring water and eight botanical flavours, including rare ingredients such as marigold extracts and a bitter orange from Tanzania. Crucially, no artificial sweeteners, preservatives or flavourings were added. Since launching, fever tree have adopted this intrepid attitude to sourcing quality botanicals for all their tonics and mixers. The result is delicious drinks to mix or enjoy on their own.

Fever Tree indian Tonic **4**

A very soft flavour. The subtle and supportive citrus and fruit notes are perfectly balanced by the bitterness of natural quinine. The finish is clean with none of the usual cloying mouth feel created by artificial sweeteners which are used in the majority of other tonics

Fever Tree Mediterranean Tonic **4**

Mediterranean Tonic Water was created to accompany the finest citrus and herbaceous gins. Blended with essential oils from the flowers, fruits and herbs that we have gathered from around the Mediterranean shores with the highest quality quinine from the 'fever trees' of the Democratic Republic of the Congo. The result is a uniquely delicate, floral gin and tonic, when paired with citrus and herbaceous gins.

Fever Tree Elderflower Tonic **4**

The bright, fresh aroma and taste of our Elderflower Tonic has been created by carefully blending the essential oils from handpicked English elderflowers with the highest quality quinine from the Democratic Republic of the Congo. Enjoy with fresh and floral gins or as a refreshing drink on its own.

Fever Tree Aromatic Tonic **4**

By blending the gentle bitterness of South American angostura bark with aromatic botanicals such as cardamom, pimento berry and ginger, we've created a delicious, unique tonic water. Created to enhance juniper-rich and robust gins, Aromatic tonic can be enjoyed in a Pink G&T or as a sophisticated soft drink on its own.

Fever Tree Ginger Beer **4**

By brewing a blend of three gingers from Nigeria, Cochin and the Ivory Coast we have a ginger beer that has been highly acclaimed by gastronomes and critics alike. Perfect with rum or vodka and lime or simply as a soft drink on its own.

Fever Tree Ginger Ale **4**

A distinctive ginger flavour created from a blend of the worlds finest gingers. Added complexity comes from the supportive citrus notes. An overwhelmingly clean finish creating a perfect mixer for dark spirits

GIN

AUSTRALIAN GINS:

Dobsons Distillery

Locally produced just over the ranges in the New England area

The delicious delicate dance of botanicals and light pure spirit. Dobson's is one of only a handful of Gin makers in the world to employ the rarest of specialist Gin stills... The Carter head still. There are believed to be less than six working Carter Heads in the world, Thankfully one of them is here.

The Carter head is unique in the way it extracts the Botanicals which make up the molecular soup that is Gin. Instead of coarsely extracting by soaking the botanicals in ethanol as most gins distillers do, the botanicals are not steeped or even allowed into contact with the neutral spirit: they are packed into a "flavour basket" through which the 95.6% pure alcohol vapour passes on its way to be condensed back into liquid. This leaves the impurities and volatile oils behind...the resulting gin is light, fragrant and balanced.

Bombay Sapphire **- mediterranean tonic-** **8**

Although there's a gin like quality in here, with juniper present in all phases of the tasting, it isn't quite the driver. But it's not quite classic.
