wine enthusiasts and custodians of all things vinous

Looking back, the journey began long ago on the other side of the earth.

As an expat living in London, something about the treasure trove of international vinous offerings available seemingly at every corner 'off-license', expanded my somewhat shielded 'Californian' experience of wine.

An intense fascination was sparked, and consequently a need to learn about and taste wines from all over the planet – all the while marvelling in the diversity, complexity as well as the sheer power of a living liquid in a bottle being able to evoke such a sense of place and time.

Not to mention the sheer olfactory and palate delight and wonder to be had when enjoying wine, whether it be on its own or matched with some morsel of match made in heaven!

This list is constantly evolving, as is our journey of discovery in wine.

Nothing, besides drinking the stuff, brings us more joy than talking about it – so please feel free to chat about wine in any way, shape or form....

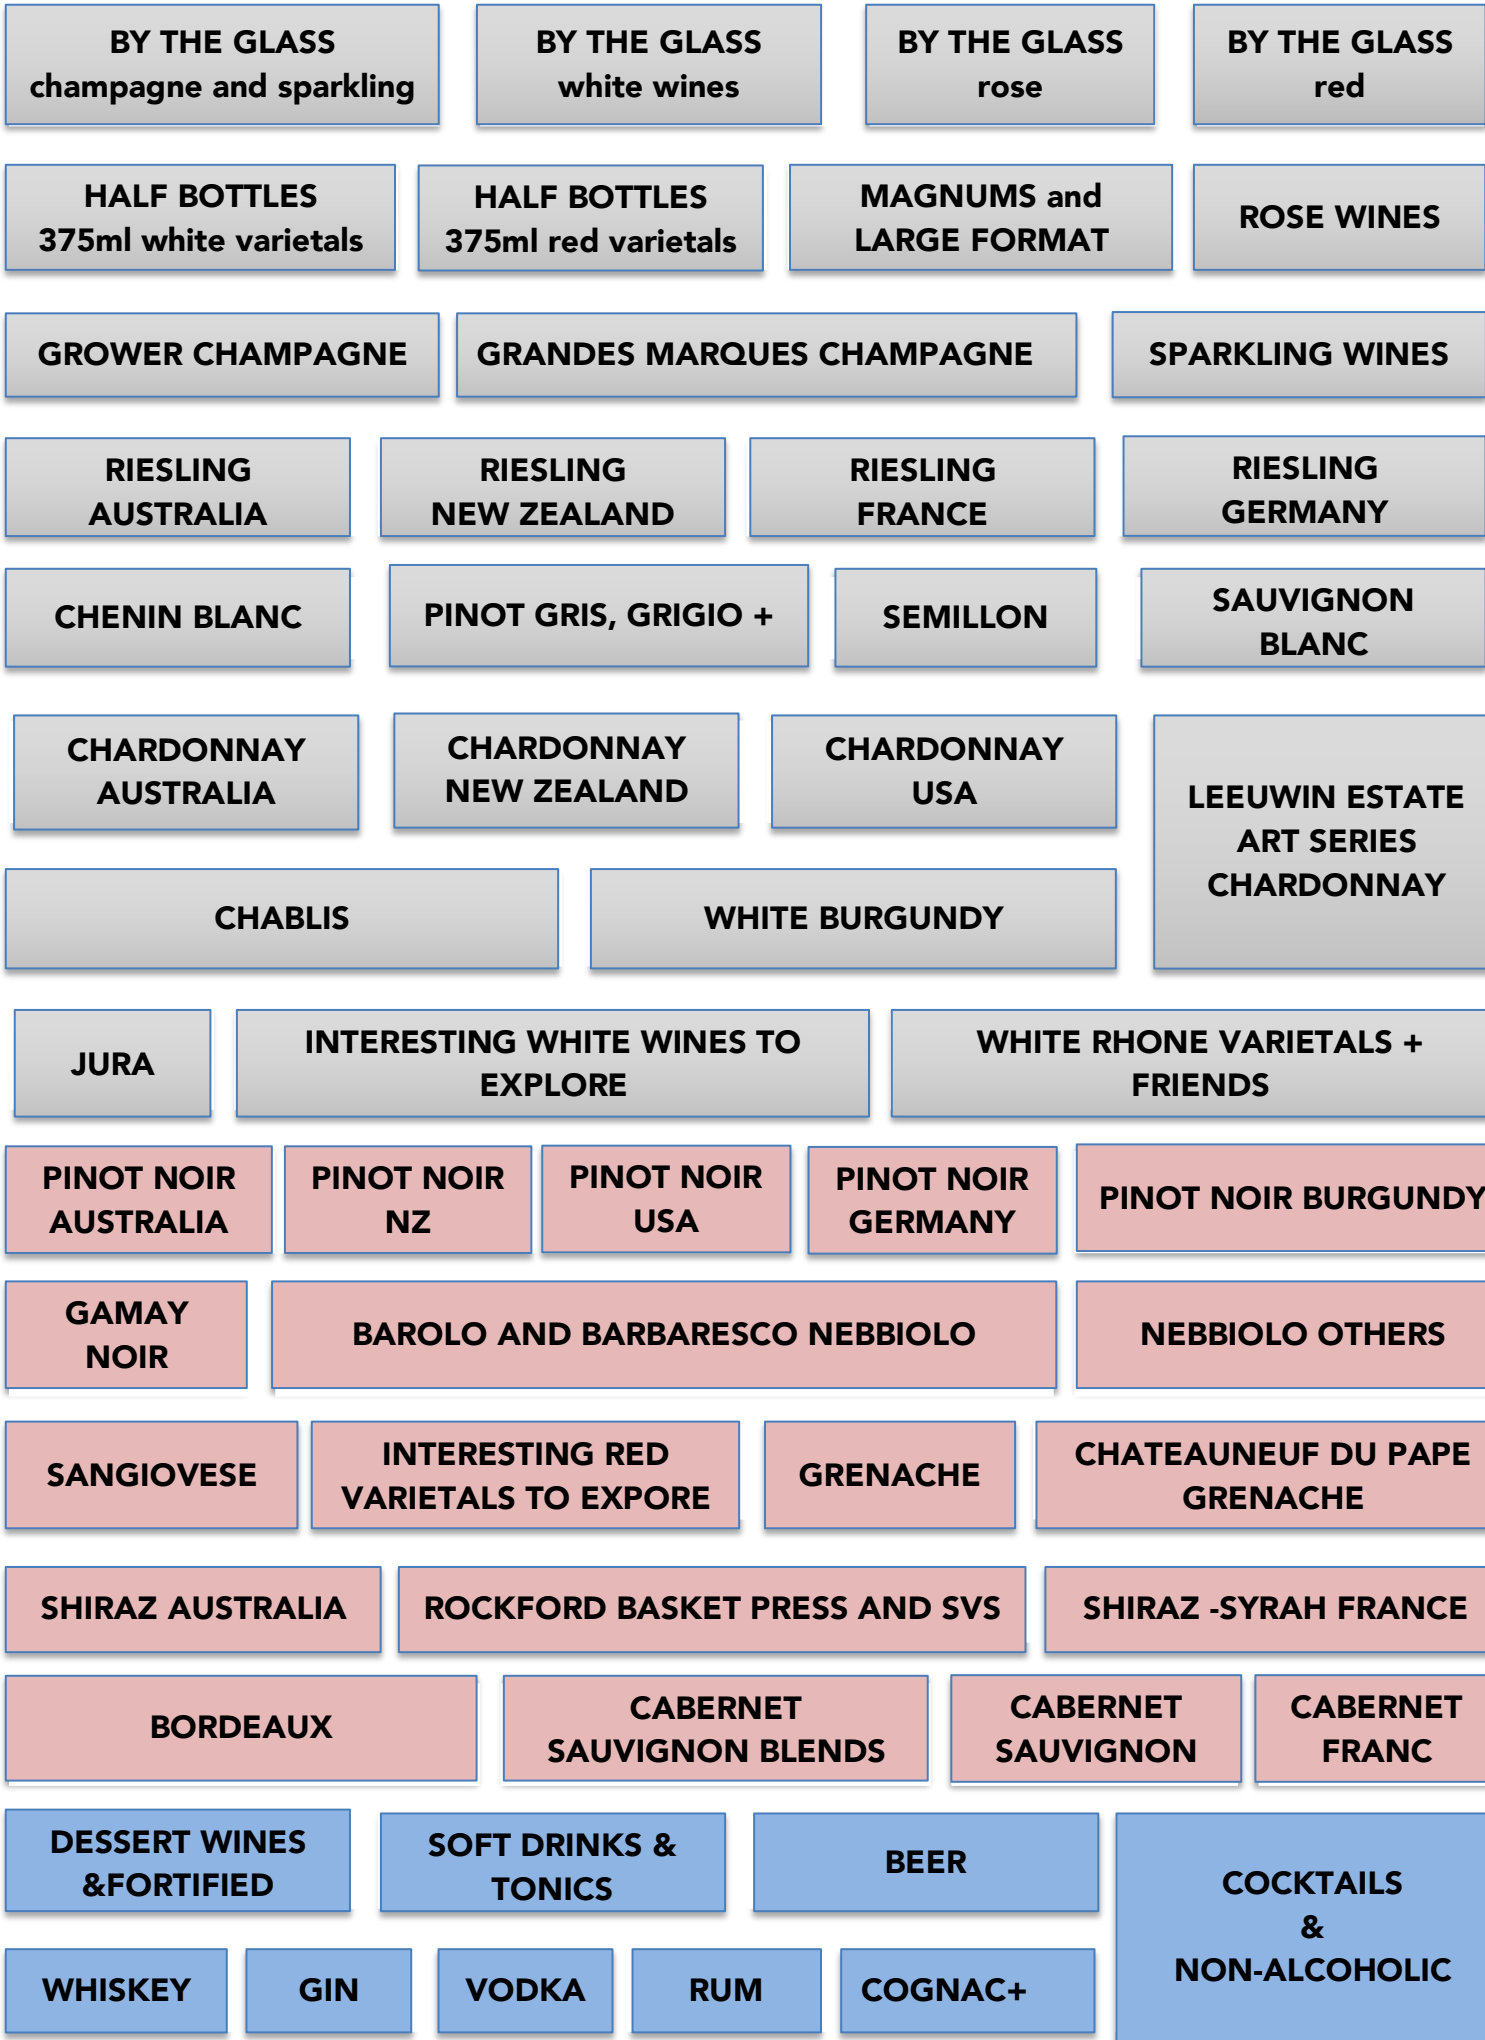

All our wines are carefully curated and respectfully handled for your enjoyment by our team and within our fastidious cellar environments.

Yours in Wine

Coravin Sparkling™ is the wine preservation system that allows us to open a bottle on weekend, then finish it many days and even weeks later.

The last glass will taste just as amazing as the first.

"Too much of anything is bad, but too much of champagne is just right"

CHAMPAGNE – the grande marques

The term Grande Marques/Grande Maison commonly refers to the great and famous merchant houses in Champagne. It is not in any way an official classification, but self-appointed. It was not necessarily an indication of the quality of their products. Still these houses were global players and pushed the region to new heights. One thing we can agree on is the consistent quality of their NV (non-vintage) cuvee's.

Joh. Jos. Prüm

Wine is a kind of bottled energy and there is no producer that packs more voltage into their bottles than Joh.Jos.Prüm. The family history in the Mosel dates back as early 1156, though it was Johann Josef Prüm who founded the estate in 1911.

By the mid 1930s the distinctive style had been forged, and from 1969 the imitable Dr. Manfred Prüm would take the reputation job to even greater heights.

Today the estate is run by Manfred's daughter Katharina who watches over 13.5 precious hectares of vines perched on the slate-rich slopes of the Middle Mosel.

All four of Prüm's key vineyards share the same soils – grey and blue Devonian slate. The major differences between the sites have to do with the variation in aspect (from south to south-west facing), the steepness, depth of soil and vine age.

CHARDONNAY – *leeuwin estate art series*

Leeuwin Estate was one of the founding wineries in the Margaret River region, founded by Denis and Tricia Hogan in 1973.

James Halliday has stated:

“For long regarded as one of the very greatest producers of chardonnay in the Margaret River, and indeed, the whole of Australia. This is one of the proudest family-owned estates in the country”

We hold some of our greatest wine memories with these bottlings, in particular, a 2003 magnum for NYE 2021 for the team to enjoy -magical.

PRODUCER PROFILE –*domaine francois mikulski*

Francois was born and raised in Brussels to a polish Lieutenant who escaped occupied Poland and his mother, a Burgundian woman. Luckily for us and the world of wine, Francois spent his formative summers in Burgundy, where he fell in love with the agrarian lifestyle and determined that he would one day make wine himself.

Fast forward, Francois inherited his first plots of Meursault in 1992 from his late uncle, Pierre Boillot. Since that time, he has relentlessly pursued his authenticity, purity and elegance through acute attention to details.

Francois typically restrains his new oak use to about 20%, believing that excessive wood masks full expression of the terroir.

GAMAY NOIR

When you talk to any sommelier, wine maker, or even just a grape-juice nerd about gamay noir, their eyes will change and begin to sparkle.

The funky “twin brother” of pinot noir, a varietal which doesn’t want to be serious-only seriously delicious. It can go from elegant and light, with lots of crunchy red fruits, to bubble-gum aroma, to more concentrated black berry and black cherries. Let us show you why we love it.

SANGIOVESE

“The King of Tuscany” a phrase which many wine lovers associate with Sangiovese Grosso. In general medium-bodied to full-bodied with lots of red/black cherries, black olives and especially in Brunello the famous liquorice, star anise, wild leather and smooth tannins.

SHIRAZ | SYRAH & FRIENDS – *rockford basket press and SVS*

Whilst many Barossa producers were chasing the palate of one VERY influential wine critic, Robert O’Callaghan decided that Barossa Shiraz was special and it didn’t require nor need to be influenced by the preferences of this particular critic. He stayed true to what he (and I) believe is a sophisticated, refined and exquisite style of Barossa shiraz that can only come from such a custodian.

We are delighted to offer the following vintages of Rockford Basket Press and the SVS from this iconic Barossa producer:

CABERNET FRANC

Most of us have never heard about cabernet franc, but is one of the major black grape varieties in the world. It is principally grown for blending with cabernet sauvignon and merlot in the Bordeaux style, but also can vinified alone, mainly in Loire Valley region.

Franc is lighter than cabernet sauvignon, making a bright pale red wine that contributes finesse and lends peppery perfume to blends. Often the grape show cases flavours of black raspberries, tobacco, capsicum, cassis and violets. DNA analysis indicates that cab franc is one of the parents of cabernet sauvignon, merlot and carmenere.

CABERNET SAUVIGNON

For most of 20th century, Cabernet Sauvignon was the world's most widely planted premium red grape varietal.

If not blended, CabSav shows amazing flavours of bell pepper, vegetal, herbaceous notes in cool climate. Mint, black pepper and eucalyptus in medium-warm climate and big jammy notes in hot areas.

We believe that this grape needs a few years bottle age to really shine.
